### **Minutes and Agenda**

- Nick Theofilos made a motion to accept the March agenda, seconded by George Kuchek. Motion passed 6-0.

### **Correspondence**

### **Public Comment on Non-Agenda Items**

- None.

### **New Business:**

- **Letter of Interest (LOI) – Pocono Bazaar Flea Market**
  - James Brechbiel noted that the original inquiry from the property was to replace the marquee, but, as signs are not projects the grant covers, the applicant wanted to look into landscaping concepts.
  - The committee reviewed an LOI for a landscaping project around the marquee with some accent lighting elements for the landscaping. The LOI further noted that the landscaping could also incorporate a landscaped logo or name. The applicant noted that they wanted feedback from the committee as to whether such a project could be considered.
  - James Brechbiel noted that Zoning reviewed the logo/name portion and it was reported there was no direct language in any ordinances/resolutions prohibiting logos/names being landscaped. However, the third party for the township, SFM Consulting, recommended that, if the project were to be considered, language should be added noting that maintenance must be kept up for the landscaping.
  - John Kahwaty asked the committee's role should landscaping not be maintained and James Brechbiel noted that there wasn't precedence to note, but if it were to become an issue, it would be reviewed.
  - Deborah Emin asked the purpose of the logo/name in landscaping by the applicant and James Brechbiel referenced that the LOI states it is to draw attention to the complex.
  - George Kuchek noted the sign should be replaced, but noted he understood it would not be considered a project for the program.
  - Nick Theofilos noted that the landscaping of signs has been done in the Township before, and the key is to keep it set back far enough to be out of the line of sight.
  - Michael Coffey noted that the proposed frontage along Route 209 may not be steep enough for the logo/name to be visible and a plan should be provided for the committee.
  - The committee discussed that space should be allocated within the plan for future sidewalks.
  - The committee gave the project a 3.8 out of 5.
  - Nick Theofilos noted that he could rate the project higher with the confirmation that the sign will be updated separately from the grant program.

**Old Business:** James Brechbiel noted the following updates to two (2) LOIs, two (2) applications, and four (4) preliminarily approved applications.

- Letter of Interest Status – Presbyterian Church of Middle Smithfield is reviewing a steeple project but has not submitted its LOI to the committee.
- Letter of Interest Status – Sue's Thai Cuisine noted that it couldn't proceed with its project as it never received a letter of support from the property owner and quotes given were well over the \$20k allotted for the program.

- Application Status – Jinyin Temple was working on getting the 4th quote pursuant to the committee’s request, but it had not materialized by the time of the meeting.
- Application Status - House at 5027 Milford Rd. noted quotes have not materialized to date despite multiple attempts. They are continuing to contact vendors.
