## INDEPENDENT AUDITOR'S REPORT

Board of Supervisors  
Middle Smithfield Township  
East Stroudsburg, Pennsylvania

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Middle Smithfield Township, Monroe County, Pennsylvania, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

### **Summary of Opinions**

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Adverse
Business-Type Activities	Unmodified
General Fund	Unmodified
Liquid Fuels Fund	Unmodified
Sewer Fund	Unmodified
Golf Fund	Unmodified
Pension Fund	Adverse

### **Basis for Adverse Opinion on Governmental Activities**

Management has not recorded certain general infrastructure assets related to governmental activities that should be reported in the statement of net position and, accordingly, has not recorded depreciation expense on those assets in the statement of activities. Accounting principles generally accepted in the United States of America require that those general infrastructure assets be capitalized and depreciated, which would increase the assets, net position, and expenses of the Township's governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities, as reported in the statements of net position and activities, has not been determined.

### **Adverse Opinion**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the statements of net position and activities referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of Middle Smithfield Township, Monroe County, Pennsylvania, as of December 31, 2018, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Adverse Opinion on Pension Fund**

The Pension Fund financial statements have not been included in the Township's financial statements due to changes in the policies of its Pension Administrator, Pennsylvania Municipal Retirement System. Accounting principles generally accepted in the United States of America require that the Pension Fund be presented as a fiduciary fund included in Middle Smithfield Township's basic financial statements. The amounts that would have been reported in the Pension Fund statement of fiduciary net position and statement of changes in fiduciary net position, have not been determined.

### **Adverse Opinion**

In our opinion, because of the omission of the information described in the "Basis for Adverse Opinion" on Pension Fund paragraph, the financial position of the Pension Fund as of December 31, 2018 and the changes in financial position thereof for the year then ended are not presented fairly in accordance with accounting principles generally accepted in the United States of America.

### **Unmodified Opinions**

In our opinion, the financial statements for the Business Type Activities, General Fund, Liquid Fuels Fund, Sewer Fund, and Golf Fund present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of Middle Smithfield Township, Monroe County, Pennsylvania, as of and for the year ended December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison in Schedules 1 and 2 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise basic financial statements of Middle Smithfield Township. The pension information in Schedule 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Middle Smithfield Township

The pension information in Schedule 3 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Note 1: Summary of Significant Accounting Policies:

Middle Smithfield Township was established in 1794 and operates as a second-class township in Monroe County, Pennsylvania, using a Board of Supervisors as its governing body.

The accounting and reporting policies of the Township relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (US GAAP) applicable to state and local governments. US GAAP for local governments includes those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units, and by the Financial Accounting Standards Board (when applicable). The more significant accounting policies of the Township are described below.

Reporting Entity

These financial statements report on all of the services provided by the Township to residents and businesses within its boundaries. Township services provided include public safety, highways and streets, planning and zoning, recreation and community services, and general administrative services. The criteria for including organizations as component units within the Township's reporting entity, as set forth in GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- The organization is legally separate (can sue and be sued in its own name)
- The Township holds the corporate powers of the organization
- The Township appoints a voting majority of the organization's board
- The Township is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the Township
- There is fiscal dependency by the organization on the Township

Based on the aforementioned criteria, Middle Smithfield Township has no component units.

Basis of Presentation

Government Wide Financial Statements

The government-wide financial statements (Statement of Net Position and Statement of Activities) report information on all of the activities of the Township. Governmental activities, which are primarily supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

In the Statement of Net Position, the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and other obligations. The Township's net position is reported in three parts - net investment in capital assets; restricted; and unrestricted. The restricted component of net position utilizes restricted resources to finance qualifying activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The Township segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements.

Note 1: Summary of Significant Accounting Policies: (Continued)

Fund Financial Statements (Continued)

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Township has elected to present other funds as major funds, which either had debt outstanding or specific community focus. The non-major funds, if any, are combined in one column in the fund financial statements.

Governmental Funds

Governmental funds are those funds through which most governmental functions are typically financed. The measurement focus of governmental funds is on the sources, uses, and balance of current financial resources.

The Township has the following major governmental funds:

General Fund

The General Fund is the main operating fund of the Township. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid through the General Fund.

Liquid Fuels Fund

The Liquid Fuels Fund is a special revenue fund that accounts for state highway funds received and expenditures for qualified highway expenses.

Proprietary Funds

Proprietary Funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of net income, financial position and cash flow. All assets and liabilities are included on the Statement of Net Position.

Note 1: Summary of Significant Accounting Policies: (Continued)

Fund Financial Statements (Continued)

Proprietary Funds (Continued)

The Township has the following major proprietary funds:

Sewer Fund

The Township took over sewer operations from the former Middle Smithfield Township Municipal Authority in December 2009. The Township now administers the operation of the sewer facilities.

Golf Fund

On February 12, 2010, the Township assumed the operations of the golf course and restaurant located in Country Club of the Poconos at Big Ridge. The Township acquired the related assets pertaining to the operation of the Golf Course and Country Club, and the remaining undeveloped lands located within the Planned Residential Development.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services. Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Fiduciary Funds

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and which are therefore not available to support Township programs. The reporting focus is on net position and changes in net position. The fiduciary funds are reported using accounting principles similar to proprietary funds.

The Township has the following fiduciary fund:

Non-uniform Pension Plan - Accounts for contributions by the Township and its employees to the Township's employee pension plan. Benefit payments and plan administration expenses are paid from this fund.

Page 5

Note 1: Summary of Significant Accounting Policies: (Continued)

Fiduciary Funds (Continued)

The Township's fiduciary fund is not presented in the financial statements. Since by definition these assets are being held for the benefit of third parties, such as pension participants, and cannot be used to address activities or obligations of the government, this fund is not incorporated into the government-wide statements.

Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured. The basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Township considers taxes as available if they are collected within 60 days after year-end. A one-year availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when the liability has matured and will be payable shortly after year-end.

Policy for Applying Post - November 30, 1989 FASB Pronouncements

The Township's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Township has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Township has chosen not to do so.

Budgetary Control

The cash basis of accounting is used for budgetary purposes, which differs from generally accepted accounting principles.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

1. At least 30 days prior to budget adoption, the Township prepares a proposed budget for the ensuing year.
2. Notification of the proposed budget and hearings on it are held by the Township prior to adoption.
3. Prior to December 31st, the budget is legally enacted by the Township and the tax levy ordinance is adopted.
4. The Township, during the budget year, is authorized to modify the budget through either budget transfers or supplemental appropriations.
5. The budget lapses at the end of the year.

Note 1: Summary of Significant Accounting Policies: (Continued)

Interfund Balances

Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as due to and from other funds.

Interfund balances at December 31, 2018 are as follows:

<u>Due from</u>	<u>Due to</u>	<u>Amount</u>
Sewer Fund	General Fund	\$17,029
Golf Fund	General Fund	\$2,937,359
Golf Fund	Sewer Fund	\$88,074
Liquid Fuels Fund	General Fund	\$181

The balances due from the Golf Fund to the General Fund and the Sewer Fund are not expected to be paid back within the next year. These interfund balances are a result of loaning the Golf Fund monies for operations and payments on debt.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the business-type activities column in the government-wide financial statements and in the fund financial statements for proprietary funds.

For governmental activities, as reported in the government-wide financial statements, only property, plant and equipment have been reported as capital assets. The Township has not reported the historical cost of general infrastructure assets, such as roads, bridges, drainage systems, etc. as capital assets in the governmental activities financial statements. While the Township has not historically reported the value of these assets in its statement of net position, it has established a maintenance program whereby all Township roads will be resurfaced, either by paving or tar and chip, every 10 years. At the same time, drainage and related improvements will be made as needed. Each year the Township intends to perform improvements on 7-8 miles of the 78 miles of road that it is responsible for.

MIDDLE SMITHFIELD TOWNSHIP  
Notes to Financial Statements  
As at December 31, 2018

Page 8

Note 1: Summary of Significant Accounting Policies: (Continued)

Capital Assets (Continued)

Capital assets are valued at historical cost or estimated historical cost, if actual historical cost is not available. Repairs and maintenance costs that do not significantly extend the life of an asset are recorded as expenses. Renewals and betterments are capitalized. Assets capitalized have an original cost of \$500 or more and over one year of useful life.

Depreciation has been calculated on each class of depreciable property based on their estimated useful lives using the straight-line method.

Estimated useful lives are as follows:

Buildings	50 years
Improvements	25-50 years
Vehicles and transportation equipment	5-7 years
Machinery and equipment	5-7 years

Amortization of capital assets acquired under capital leases is included in depreciation expense.

Allowance for Uncollectible Accounts

The allowance for doubtful accounts is based on management's collection experience.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Statement of Cash Flows

The Township adopted GASB Statement 9, "Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting". For purposes of reporting cash flows, all highly liquid investments (including restricted assets) with original maturities of three months or less are considered to be cash equivalents.

Equity Classification - Government-Wide Financial Statements

Equity is reported as net position and displayed in three components for government-wide presentation:

Net Investment in Capital Assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Equity Classification - Governmental Fund Financial Statements

In the fund financial statements, the Township reports fund balance classifications in accordance with the provisions of GASB No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." The following are the Township's fund balance categories:

Non-Spendable - Not in spendable form or legally or contractually required to remain intact.

Restricted - Externally imposed by creditors or imposed by law through constitutional provisions or enabling legislation.

MIDDLE SMITHFIELD TOWNSHIP  
Notes to Financial Statements  
As at December 31, 2018

Page 10

Note 1: Summary of Significant Accounting Policies: (Continued)

Equity Classification - Governmental Fund Financial Statements (Continued)

Committed – Can only be used for specific purposes pursuant to constraints by formal action of the highest level of decision-making authority. The Township's Committed Fund Balance is fund balance reporting required by the Township Supervisors, either because of a Township Policy or in the Township Policy Manual, or because of motions that passed at Board meetings.

Assigned - Constrained by intent to be used for a specific purpose. The Township's Assigned Fund Balance is fund balance reporting under the direction of authorized Township Personnel.

Unassigned - Residual classification of the Township's general fund and includes all spendable amounts not contained in the other classifications.

No minimum fund balance policies have been established.

When both restricted and unrestricted resources are available for use in funds other than the General Fund, it is the Township's policy to first use unrestricted resources - committed, and assigned - in order as needed, and then use externally restricted resources. For the General Fund, the Township's policy is to first use externally restricted resources and then use unrestricted resources - committed, assigned, and unassigned - in order as needed.

Note 2: Cash and Cash Equivalents:

Custodial Credit Risk Related to Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits may not be recovered. The Township's policy for minimizing credit risk for bank balances exceeding the Federal Deposit Insurance Corporation's insured limits relies upon the Pennsylvania Pledge Act 72 (72 P.S. section 3836-1 et seq.). Act 72 requires the financial institution to pool collateral for all of its government deposits in addition to having the collateral held by an approved custodian in the institution's name.

Page 11

Note 2: Cash and Cash Equivalents: (Continued)

Credit Risk

The Township is permitted to invest funds in U.S. Treasury Bills, short-term obligations of the United States Government or its agencies or instrumentalities, obligations of the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, obligations of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by full faith and credit of the political subdivision, certificates of deposit, secured purchase agreements, authorized Investment Trust Companies and time or share accounts of institutions insured or secured by the FDIC to the extent such certificates are insured by a proper bond or collateral in accordance with the law. Accordingly, the Township is not subject to credit risk.

The Township maintains deposits with PLGIT. Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PLGIT acts like a money market mutual fund in that its objective is to maintain a stable net asset value of \$1 per share, is rated by a nationally recognized statistical rating organization, and is subject to an independent annual audit. The Township treats PLGIT deposits as cash equivalents on the statement of net position and fund balance sheets.

Summary of deposits as of December 31, 2018:

Uninsured and collateralized with securities held by the pledging financial institution's trust department or agent but not in the Township's name	\$1,500,519

Foreign Currency Risk

The Township was not exposed to foreign currency risk during the year.

Restricted Cash

The Township has restricted cash accounts relating to monies held in the Liquid Fuels Fund and Sewer Fund. Liquid Fuels Fund holds the Liquid Fuels Funding provided by Pennsylvania which is restricted to use for road related expenditures. Restricted funds in the Sewer Fund consist of proceeds of debt that are restricted for use by the debt agreement.

**Note 4: Property Taxes:**

Based upon an assessed valuation provided by Monroe County (\$213,972,920 in 2018), the Township bills and collects its own property taxes through an elected tax collector. The schedule for property taxes levied as follows:

March 1	Levy Date
March 1 through April 30	2% Discount Period
May 1 through June 30	Face Payment Period
July 1 through December 31	10% Penalty Period
January 1 (following year)	Lien Date

The Township's tax rate for all purposes for 2018 was 9.5 mills (\$9.50 per \$100 of assessed valuation).

At December 31, 2018 taxes receivable on the government-wide financial statements were as follows:

At December 31, 2018 long-term debt consists of the following:

**Series 2009 GOB Series A and AA**

The General Obligation Bonds, Series of 2009 were issued on October 20, 2009, to provide funds for the Township to purchase unused capacity in the Fernwood Treatment plant, to pay the costs to upgrade and expand the Route 209 Inceptor Line, and to pay all costs and expenses incurred in connection with the sale of the bonds. The 2009 Bonds consist of \$1,455,000 Series A Bonds, and \$4,625,000 Series AA Bonds. The Series AA Bonds are federally taxable Build America Bonds - Issuer Subsidy.

The Bonds started maturing October 1, 2012 and bear interest at rates ranging from 1.67% to 3.87% for Series A and 6.2% to 6.4% for Series AA, depending on the scheduled maturity date of individual bonds. Interest payments are due April 15 and November 15 of each year. Final maturity is October 1, 2039. At the option of the Township, these Bonds may be redeemed prior to maturity but after October 1, 2014 for Series A and after October 1, 2019 for Series AA.

Series 2012 GOB

The General Obligation Bonds, Series of 2012 in the original amount of \$5,945,000 were issued as of September 18, 2012, to provide funds for, among other things, the acquisition of additional sewer collection and treatment capacity, planning, designing, acquiring, constructing, installing, furnishing, and equipping of alterations, renovations, additions, and improvements to the Township's sewer system, purchasing capital equipment for use by the Township, additional capital projects approved by the Board of Supervisors, to currently refund the outstanding balance of the 2005 General Obligation Note, to currently refund the outstanding 2006 General Obligation Bonds, to currently refund the outstanding balance of the 2011 General Obligation Note, and to pay the costs and expenses of issuance of the Bonds.

The Bonds started maturing November 15, 2012 and bear interest at rates ranging from 1% to 3.625%, depending on the scheduled maturity date of individual bonds. Interest payments are due May 15 and November 15 of each year. Final maturity is November 15, 2039. At the option of the Township, these Bonds may be redeemed prior to maturity.

Since these bonds were issued to refund previous debt that was attributable to both governmental and business-type activities, the debt and related original issue discount have been allocated between the governmental and business-type activities (and between the proprietary funds) in proportion to the balance of the debt that was refunded and the planned use of the additional debt that was incurred.

Note 9: Pension Plan:

Plan Description

General

The Middle Smithfield Township pension plan is a single-employer cash balance pension plan controlled by the provisions of Ordinance No. 102 adopted pursuant to Act 15 of 1974. The Plan is governed by the Township's Board of Supervisors. The Township Supervisors may amend plan provisions and are responsible for the management of plan assets. The Plan is included in the Township's basic financial statements as a Pension Trust. Stand-alone financial statements are not publicly available.

The plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Comprehensive Annual Financial Report (CAFR). The CAFR is available on the PMRS Website. A copy can be obtained by contacting the PMRS accounting office.

Plan Membership

Membership of the plan consisted of the following at December 31, 2017:

Active plan members	28
Retirees and beneficiaries currently receiving benefits	7
Terminated plan members entitled to but not yet receiving benefits	<u>11</u>
Total	<u>46</u>

Plan Membership

Employees are eligible to participate in the Plan after the first day of the month following the completion of six months of employment. Employees are 100% vested after the completion of 2 years of service. For the year ended December 31, 2017, there were eight employees vested in the plan.

The payroll for Township employees covered by the Non-Uniformed Employees' Pension Plan for the year ended December 31, 2018 was \$1,441,017.

Note 9: Pension Plan: (Continued)

Benefit Provisions

The plan provides retirement, disability and death benefits to plan members and their beneficiaries.

Contributions

Member contributions are 2.00%; Voluntary to 18.00%, Municipal is 6.00% of payroll.

Forfeitures shall be applied to reduce the employer's contribution.

Act 205

Act 205 of 1984, Municipal Pension Plan Funding Standard and Recovery Act, initiated actuarial funding requirements for municipal pension plans. Under Act 205 provisions, a municipal budget must provide for full payment of the Minimum Municipal Obligation (MMO) to each employee pension fund of the municipality.

Basis of Accounting

The plan's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due, in accordance with Act 205, as amended. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. The plan's assets with PMRS are pooled for investment purposes and, therefore, do not represent specific identifiable investment securities. Disclosures required by Statements No.3 of the Government Accounting Standards Board for aggregate PMRS investments are included in PMRS's separately issued CAFR.

Note 10: Risk Management:

The Township is exposed to various risks of loss related to theft of, damage to, or destruction of assets; natural disasters; torts; errors and omissions; injuries to employees; and employees' health and life.

The Township manages these various risks of loss as follows:

<u>Type of Loss</u>	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
Torts, errors, and omissions	Purchased commercial insurance	Limited
Workers compensation, health and life	Purchased commercial insurance	Limited
Physical property loss and natural disasters	Purchased commercial insurance	Limited

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Exposure to losses is limited to deductibles and self-insured retention amounts as specified in the insurance policy.

Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

Note 11: Litigation:

The Township is a party to various legal proceedings. These financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings. While the outcome of the any legal proceeding is difficult to predict, due to the insurance coverage maintained by the Township and the State statute relating to judgments, the Township believes that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the Township.

Note 12: Joint Ventures:

In December 2013, Middle Smithfield Township entered into an Intermunicipal Agreement with Smithfield Township and Lehman Township establishing the Oak Grove Multi-Municipal Compost Processing Program (OGMMC). OGMMC was created to operate an intermunicipal compost processing facility located within Middle Smithfield Township. Based on the Township's population per the 2010 United States Census, Middle Smithfield Township is responsible for 47% of the operating costs of the program. Total contributions made to OGMMC in 2018 were \$20,888. Middle Smithfield Township, as lead municipality, has assumed responsibility of the day-to-day operations of the compost processing facility. Per the Intermunicipal Agreement, the OGMMC's financial statements are audited annually. The audited financial statements are available for review at the Middle Smithfield Township Municipal Building.

During 2016, in addition to the annual contribution, Middle Smithfield Township loaned OGMMC \$163,482 for the purchase of equipment. The loan balance outstanding as of December 31, 2018 was \$18,633. The Township will be repaid once OGMMC receives the proceeds from a grant it was awarded for the equipment.

Note 13: Operating Lease Obligations

In September 2015, Middle Smithfield Township entered into an operating lease for sixty golf carts and a beverage cart to be used at the Township's golf course. The lease covers the period of March 18, 2016 through November 30, 2018. In 2018, the Township renewed the lease for an additional year. Future minimum rental payments are \$49,794 for the year ended December 31, 2019.

Note 14: Subsequent Events:

Management has evaluated subsequent events through April 12, 2019, the date the financial statements were available to be issued.
