

# CHAPTER 4

## IMPLEMENTATION

### OVERALL RECOMMENDATIONS

While the following pages in this Chapter focus on implementation strategies for the Corridors and Areas 1, 2A, 2B, 3A, 3B, and 4, there are several action items that would be beneficial Township wide. These action items will help provide a basis for many of the Strategies outline for the 6 different Corridors and Areas.

Chart 7.

Action Item	Priority	Responsible Parties	Implementation
1.1. Official Map	Short-term	PC, BOS, TE	Develop a Township Official Map based upon current and future needs and opportunities
1.2. Open Space, Recreation, Environmental Resources and Greenway Network Plan	Short-term	PR, PC, BOS, MCC, MCP	Evaluate and assess the existing resources and conditions, and develop a Plan based upon future needs, goals, and visions
1.3. Energy Efficiency and Sustainability Plan	Short-term	PC, BOS, MCC, MCP	Create an Energy Efficiency and Sustainability Plan in order to commit to a more energy efficient and sustainable way of living in the Township
1.4. Master Plan for the Route 209 and 402 Corridors	Short-term	PC, BOS, TE, EDA, EDM, PennDOT	Develop a Master Plan for the Route 209 and 402 Corridors including Streetscape Enhancements
1.5.
